

Hello,

Maciej LISIOWSKI
Warsaw, Poland

As a young, full of ambition and cheerful person I keep always in mind that communing with other people is not only the way of getting to know each other and teaching one another, but it is also a way to find out something about ourselves. I am open-minded and like to develop new skills. I believe that design is a bridge between art and science, but also a way to enhance life. I am strong professional with a Bachelor's degree focused in Industrial and Product Design from Academy of Fine Arts in Warsaw, PL.
